

NOTICE

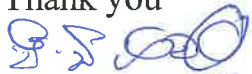

Final Year Students

Please be informed that the FMSC has decided to postpone its examinations in considering the ongoing situation of the country. While the faculty did evaluate the possibility of conducting the said examinations for the final year students online and via other alternative means, we have decided to have them physically taking into account the concerns raised by both the academic members and students. Therefore, please be prepared to sit for the examinations that will be held at short notice at the earliest possibility. Please note that the deadline for the submission of research reports and the completion of internship training will be 28th December 2020.

2nd, 3rd and 4th year Students

The 2nd Semester End Examinations of 1st, 2nd and 3rd years have been postponed and they will be held at short notice when circumstances permit. Further, the first semester of the upcoming academic year will commence from 14th December 2020 for all 2nd, 3rd and 4th year students. Accordingly, each respective department will inform you of how they wish to proceed with the subjects while the respective time tables will be made available on the LMS in due course.

Thank you
